

QUEEN'S CRESCENT I AM QUEEN'S CRESCENT'S

ON-STREET TESTING

APRIL 11TH

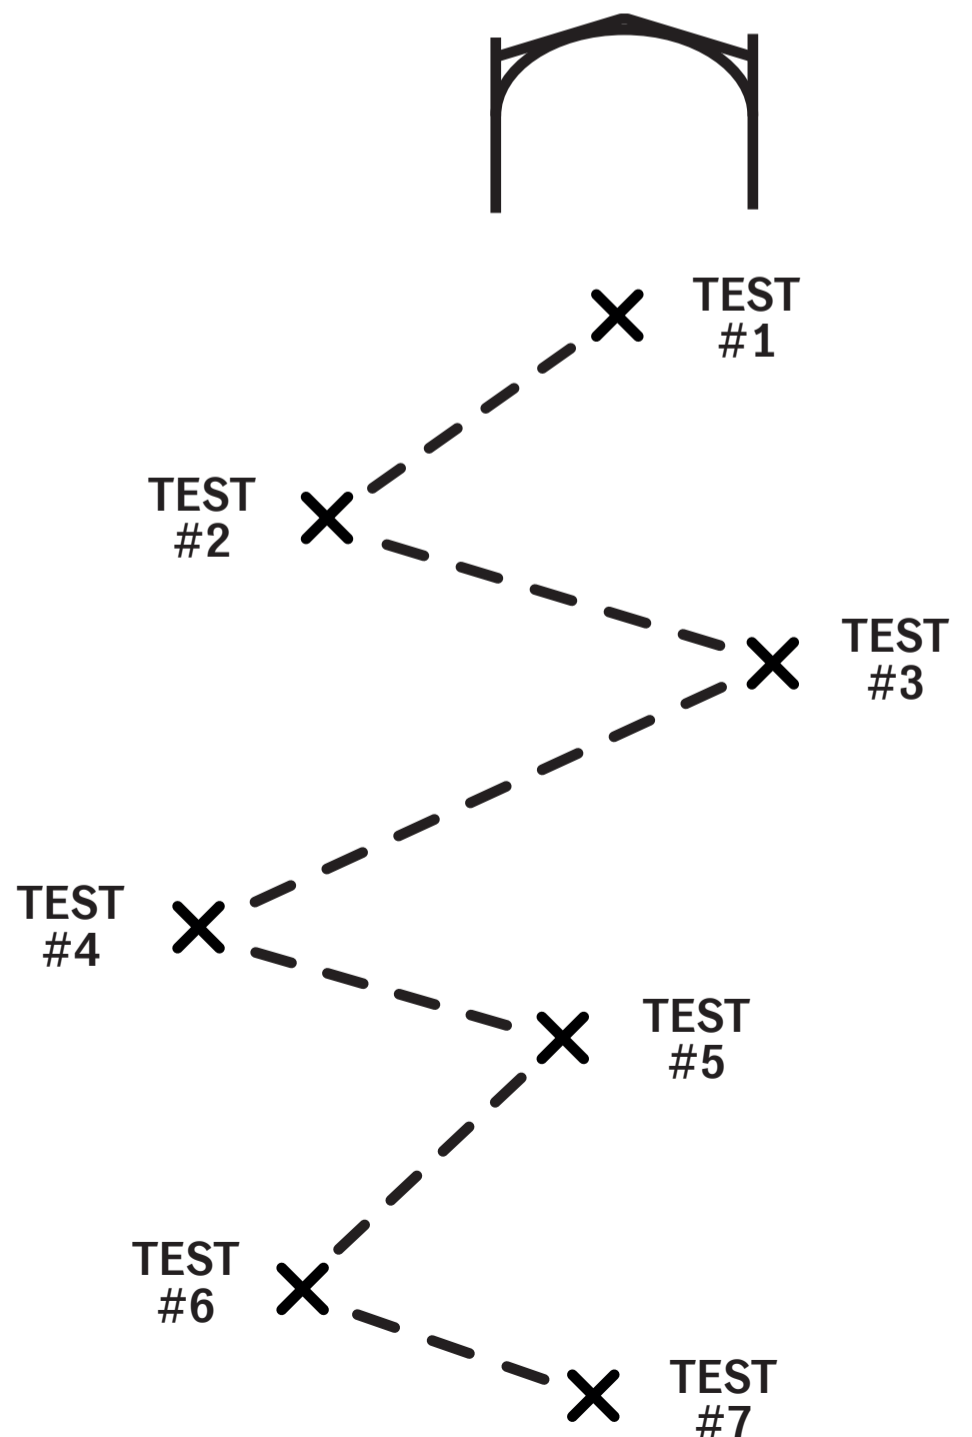

'I am Queen's Crescent' is a project that aims to work together with local residents to produce a strategy for improvements to the high street – to plan how to enhance its physical environment and to help reinforce it as the heart of the wider area.

From 11am we will be out and about on Queen's Crescent testing temporary mock-up designs and improvements along the street.

3-5pm

Join us on a walk around Queen's Crescent to discuss the testing process and give your design input into future improvements.

Meet at the Malden Road junction on Queen's Crescent.

Project by The Decorators & EAST commissioned by Camden Council.
This is a project supported by the GLA Good Growth Fund.
